FOREUP

Interface Authorization Guide

Last Updated: August 2021

Introduction

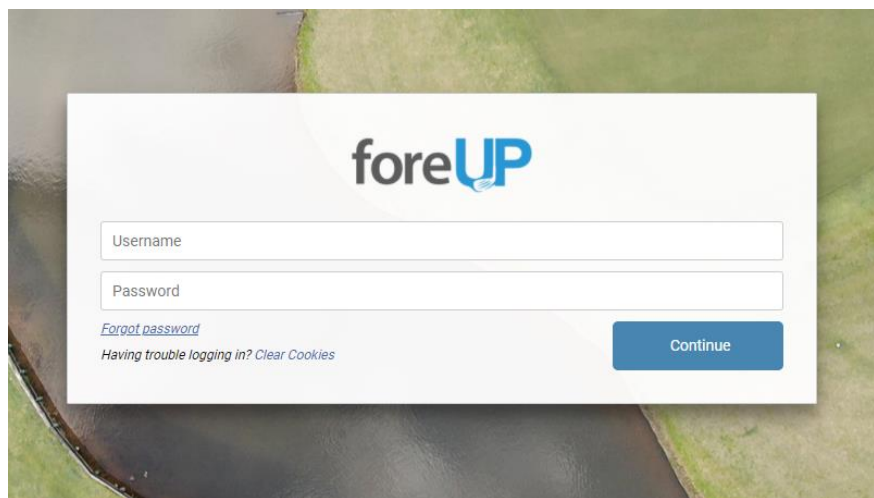

This guide has two main sections: Quick Start and Detailed Instructions. If you are familiar with your Electronic Tee Sheet and/or Point of Sale system, you may want to try the Quick Start section. If you prefer detailed steps from beginning to end, jump down to the Detailed Instructions section.

Quick Start

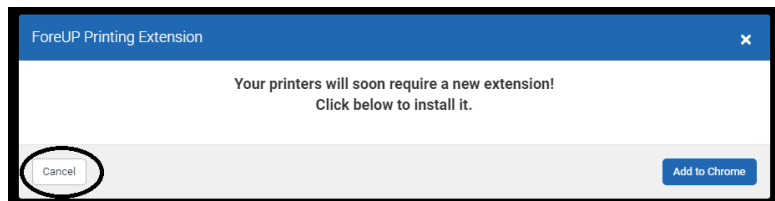

1. Login to ForeUP with your Username and Password (<https://foreupsoftware.com/index.php/login>).
2. If you see a “ForeUP Printer Extension” message you can click “Cancel” to close the message.
3. On the “Select Terminal” screen choose the “Pro Shop” or your primary terminal.
4. Click the “Home” dropdown near the upper left side of the screen and navigate to “App Store.”
5. In the App Store, select “Newest Apps” (or “All Integrations” to see all).
6. For Benchmarking (PGA Operations Benchmark or Benchmark+), click the Sagacity Benchmark icon.
7. For Forecaddie, click the Sagacity Forecaddie icon.
NOTE: To get Benchmarking and Forecaddie, you must request both integrations.
8. On the pop-up window click the “Request Integration” button.
9. Your request(s) will be processed as quickly as possible.

Detailed Instructions

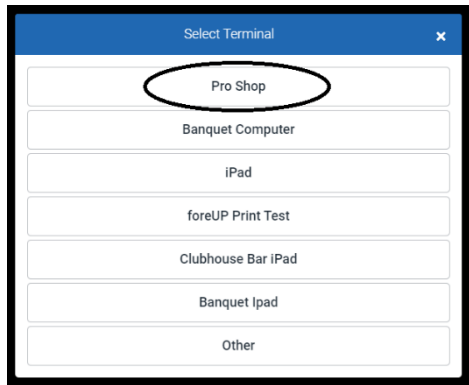

- ❖ Login to ForeUP with your Username and Password (<https://foreupsoftware.com/index.php/login>).

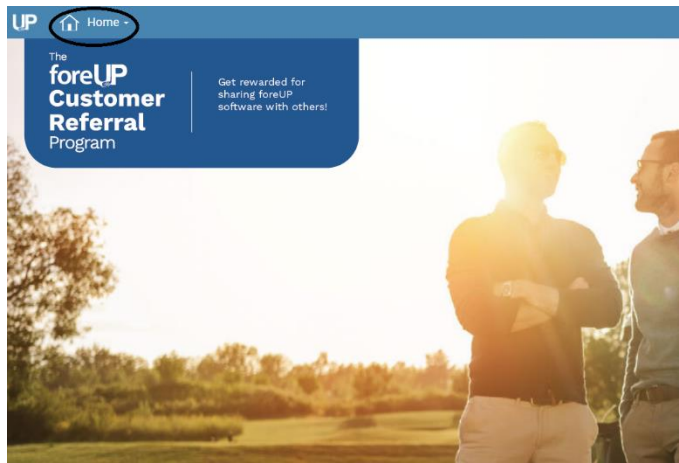

- ❖ If you see a “ForeUP Printer Extension” message you can click “Cancel” to close the message.
